

Thank you for your interest in QuantaMesh Networking OS.

You'll receive an email provides you with the URL link to download QuantaMesh software.

Please find below information to help you get started:

1. **QuantaMesh Networking OS provides two software packages :**

- For Ethernet Switch software upgrading

*If the software version bundled with your purchased product is older than 1.4.10.0, please provide the switch MAC address for us via gctswitchsupport@quantatw.com. We will email the license key to you for upgrading.

-For BMS ONIE installation

BMS ONIE installer provides two months test period from the time you start to test.

2. We're happy to offer additional two months trial extension for BMS ONIE installer. Please contact our sales person for your request.
3. You can download the software package from the email you received.
(The URL link is only available for 24 hours)
4. Please find the user manual from the QCT download center
http://www.quantagct.com/account/download?item_id=61

Please feel free to contact us at gctswitchsupport@quantatw.com if you have any technical question.

Thank you again for your interest in QuantaMesh Software.

Sincerely,

The QCT Switch Team
